Gardens Team Highlights

With intense heat again this week, fulfilling your CSA shares has once again been a true team effort! Gino (pictured at right, above, harvesting chard!) has been on watering duty. He has been working especially diligently in Ford Greenhouse, where our baby seedlings live until they are large enough to be transplanted into the raised beds in our hoop houses. His work this week has been ensuring that many of you will have delicious veggies for months to come during our Summer & Fall CSA seasons! Thank you, Gino!

Mike (pictured at right, below) has been instrumental in setting up this CSA season for success. He is passionate about customer service and has been so excited to welcome each of you back to the Farm. In addition to harvesting and watering, Mike has been placing CSA signage each week, answering the phones, and delivering your shares. Because you have chosen to purchase your CSA from Bittersweet, Mike has a paying job that he loves. Thank you.

As always, the veggies in your share were harvested by a whole team of participants! The cucumbers were harvested by Phil, who was also part of our cabbage preparation team! John and Kenny harvested the cabbage, and Phil helped clean and prepare it for your enjoyment. Your lettuce was prepared, triple washed, dried, and packaged by Lynn.

Again this week, we want to thank our watering team for keeping our plants happy and healthy in the heat. This week's watering crew included Cece, Darin, Gino, Phil, Mike, Matt, Aaron, Kenny, Conor, and Tom. This team brings our Core Value of "Achieve Together" to life every week!!

The mission of Bittersweet, Inc. is to positively impact the lives of individuals with autism and those whose lives they touch.
