Gardens Team Highlights

For the last week of the Summer CSA, we want to give a shout-out to Kenny, Jimmy, and the entire rest of the Gardens Team!

Kenny (pictured at right, above) loves meeting new people, giving high-fives, and gardening! Some of his favorite tasks in Gardens include watering and delivering produce to local businesses. Each week, he helps to deliver a weekly order to Betco in Bowling Green, a company that distributes Bittersweet produce to their employees each week. Kenny takes so much pride in sharing the veggies he has helped grow with his friends at Betco every week!

Jimmy (pictured at right, below) works primarily in Gardens and Creative Arts. In Gardens, his favorite tasks are weeding and cleaning the Gardens Building. Jimmy has a keen eye for detail, so we are extra grateful that he is passionate about these important tasks! This week, he's been weeding in the hoop houses and digging holes for raised beds. We truly could not prepare for the Fall CSA without his help!

There truly are not enough weeks in the season to celebrate everyone who makes the CSA Program possible! Every participant brings their gifts, talents, and goals to work each day as seeds, and YOUR support as a CSA member is the water that helps them to grow. Thank you!

The mission of Bittersweet, Inc. is to positively impact the lives of individuals with autism and those whose lives they touch.
